@sylvesterschool

Our Nursery children have been continuing learning about mini beasts. They have continued looking at the butterflies but have also now been looking closely at ladybirds. The children have been carefully counting the amount of spots on the ladybirds.

Our learning in Reception has taken on the theme of Pirates. The children have enjoyed reading the book 'The Night Pirates' and reading a little bit each day to see where the adventure takes them. We have made our own treasure maps, pirate hats and learnt some Pirate Songs. In Maths we have been looking at measuring height, the children have liked measuring towers with blocks and finding out how tall they are using the word centimetres.

## **Why don't you try this at home? (Magic Moment)**

Magic Moments are your way of sharing something magical your child does at home. This allows the teachers to evidence children's achievements at home as well as in school, showing that we are working together to support your child. You can use the ideas below or perhaps you have spotted them doing something different that you would like to share with us. Please use Class Dojo to share your child's Magic Moment with us.

**Nursery:** Can you draw a lady bird? Ask your child to draw a ladybird then say a number and ask them to put the same amount of spots on them.

**Reception:** Can you use a tape measure around your house and measure the height of different things. If you do not have a tape measure then

perhaps you could measure how many blocks high something is.

## **Reminders:**

We kindly request £1.00 a week as a donation towards snack which is given to children on a daily basis.

When dropping off children and picking them up from school can you please take care. The carpark will still be in use with staff and visitors arriving/leaving at different times and therefore children need to be carefully supervised. Please use the path and enter the pedestrian gate rather than cutting across the carpark. Thank you

Reception please remember to access Fast Phonics and read as often as possible.
