TUESDAY

Watch geraldine giraffe and learn more about the 'e' sound.

Geraldine the Giraffe learns the /e/ sound - YouTube

How many objects can you find with the e sound in them?
Remember the sound does not always have to be at the beginning of the word.

Play a game of teddy bear hide and seek. Hide some teddy bears or other soft toys/dolls around your house. Ask your child to go and find them. How many did they find?

Repeat the game hiding a different amount of bears/soft toys and count the sets each time.

Make a bear mask of your own and go on an adventure! Can you build your own bear cave/den?

THURSDAY

Can you retell the story of 'We're Going on a Bear Hunt' in your own words? Can you add actions to help you?

Use different things around your house to be the grass, mud, river or even the forest floor. Have fun with this, you could even choose your own places to go, e.g. hot, soft sand!

Today is time for some bear hunt maths!

Roll a dice and see what number it lands on. Can you place the same number of bears in the cave?

If you do not have a dice then use number cards or make some.

Remember you could put anything in the cave...figures, cars, buttons...whatever you have around the house!

FRIDAY

Today it is BIG DRAW in class. Have some fun with your mark making. Use a big roll of paper to draw on! Paint with sticks! Do some under the table drawing!

Can you draw a bear from our story this week?

Maybe you would like to draw the family who went on the bear hunt?

You could even draw a lion to go with the lion hunt song!

What ever you choose have fun and do some super squiggling and marvellous mark making!

Join in with some number song fun!
