Number songs and rhymes:

Practise your dribbling skills.

Set up a line of cones, tin cans or bottles. Whatever you have around the house will do. Using a ball see if you can dribble it in and out of the obstacles.

Another fun game is to line them up and see how many you can knock down!

THURSDAY

Enjoy some squiggling:

Paint on the floor outside using buckets of water

Do some large scale mark making on a roll of paper

Create your own chalk drawings on the pavement/patio

If you would like something a bit different try the Get Squiggling programme on CBeebies. There are lots of drawing ideas on here as well as letter writing practise too.

Play a game of catch. How many times can you throw and catch the ball without dropping it? Throw to a family member or against a wall.

Ask a grown up to time you. How many times can you catch the ball in 1 minute?

Make a Spanish omelette!

FRIDAY

Today it is BIG DRAW in class. Have some fun with your mark making. Can you paint yourself with a friend playing your favourite game? It might be football, it might be a different activity!

Look at a picture of the Spanish flag. What colours can you see? Go on a Spanish themed colour hunt around your house. How many red or yellow objects can you find?

Make a number line using a pen and some paper. Can you order the numbers? Place the items along the number line to see how many you found.

Draw/design your own Spanish football kit and/or football using red and yellow to match the flag

Then do the football dance:
